I am writing this letter in recommendation of Mr. Steve Geoghegan. Mr. Geoghegan was hired to tune and maintain the many pianos used at the Florida State Music Teachers Conference 2001 held at the St Petersburg Hilton and the Music Teachers National Association competitive events that were held at St Petersburg Junior College. He was hired based on his history dealing with national level artists, as well as, his excellent record with Home Shopping Network and the Florida Music Educators Conference. I personally received positive comments from Alexander Peskanov and Marian Hahn of the Amadeus Trio on his professionalism, addressing the specific needs of the performers, and his concert level tuning. His knowledge of the piano only added to a positive experience that we had at our conference.

Respectfully Submitted,

Rich Jahnke, Conference Chair 2001
FSMTA District VIII President
