PAUL WOLFE
ARTISTIC DIRECTOR

Dear Steve,

TREVOR CRAMER
ADMINISTRATIVE
DIRECTOR

Sorry it has taken me this long to write and to thank you for your service to the Festival - which, by the way, we all recognize was way far and above the "call of duty."

Susan Starr was most appreciative of your dedication and work as were all of the artist at the Festival.

I fully recognize that pianist do not travel with their instrument, so it is imperative that we provide the very best for them during their tenure with us. Thank you, again, for making the "very best" even a little better!

Best personal regards,

Trevor Cramer
Administrative Director
